Relieving Principals Message

Fast Forward Program
In last week’s newsletter I informed everyone of the Fast Forward Program the school is going to be involved in. This program is a partnership between the University of Western Sydney and Greater Western Sydney Schools which helps students to see the value of continuing their education through to year 12 and beyond. Stage 3 students have all received their information packs and have the great opportunity to participate in this program. If you haven’t yet sent in the application form signed, can you please return it to school as soon as possible?

Positive Behaviour in School
It gave me great pleasure to present our first three PBIS badges in assembly this afternoon. The three worthy recipients were Davi Tupou (6C) for being respectful, Hamish Singh (6C) for being a learner and Michael Lever (K/1V) for being safe. All three students exemplify the Campbellfield PBIS expectations and will wear their badges with pride. I have included the three nominations written about our winners.

Respectful: David demonstrates respectful behaviour in all circumstances. He upholds the expected standard whether he is in contact with his own teacher, teachers from other classes or visiting teachers. David demonstrates respect, tolerance and acceptance toward his peers and displays pride in being a representative of the Campbellfield School Community. David regularly encourages others to give of their best and is willing to speak on behalf of the class/school community as a whole. The respectful behaviour David displays is regularly noticed and commented on by staff and community, and as such he deserves to wear the PBIS respectful badge with pride.

Learner: Hamish is an enthusiastic student who is always listening attentively and eager to learn. His outstanding application to class tasks has ensured he is progressing rapidly in all learning areas. Hamish is an independent worker who is always prepared for the lesson. He is able to work productively in small groups and as part of the class. His effort should be commended as well as his academic results.

Safe: Michael has demonstrated safe behaviour in class and on the playground from his very first day of Kindergarten. He is always in the right place at the right time and focuses on making good choices and safe decisions. In the classroom, Michael always moves safely around the room and tucks his chair in. In the playground, Michael always stays in bounds and keeps the playground clean by putting his rubbish in the bin.

Mobile Phones
A number of students bring mobile phones to school for various reasons. Whilst we understand this, students are not to have the phones in their bags or on them throughout the day. Students need to understand that if they bring a mobile phone to school they must drop it off at the office before school. The phone will be locked in the strong room for the day and it is the student’s responsibility to collect it from the office after school, on their way home. Please support us and reinforce this expectation with your children if they are bringing mobile phones to school.

**PBIS Social Skill Week 7**

**Being safe online**

*If you have any Woolworths Earn and Learn stickers at home please send them to school ASAP. Thank you to all who supported our school by sending in your shopper stickers.*
K/1V Students are safe, respectful learners

On the floor, we have our legs crossed and our hands in our laps. We are ready to learn.

We put our hand up and wait if we need to say something.

We sit correctly on our chairs. The four legs of the chair are on the floor all the time.

We walk around the room safely and correctly.

Our chairs are tucked in when we are not at our tables.
